

Congress of the United States
House of Representatives
Washington, DC 20515-3705

Dear Chairman Granger and Ranking Member De Lauro:

I am requesting funding for Cox Creek Interceptor Phase 3 in fiscal year 2024. The entity to receive funding for this project is Albany, Oregon located at 333 Broadalbin St. SW, Albany, OR 97321. The funding would be used for the third of a five-phase project to replace and extend the Cox Creek Interceptor which provides sanitary sewer service to almost 1,600 acres in Albany. The project is an appropriate use of taxpayer funds because Albany is classified as an economically distressed area and federal funding would help ease the burden on Albany.

The project has a Federal nexus because the funding provided is for purposes authorized by 33 U.S. Code Section 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Congresswoman Lori Chavez-DeRemer
